Volunteers Work to Produce Fourth-Annual Edina Film Festival

By Laurn Grimes, Communications Intern

The volunteers who bring you the Edina Film Festival are reinventing the event to appeal to a broader audience.

As in past years, the Film Festival will serve as a fundraiser for the Edina Art Center. However, the upcoming fourth-annual Film Festival will move from the fall at Landmark's Edina Cinema at 50th

& France to Edina High School's Fick Auditorium in spring of 2015. While the exact dates have not been identified, those in attendance can expect the usual three nights of programming - more than 12 hours - that includes feature-length and independent films, as well as new-and-improved aspects from past years.

Additions to this year's Festival include showcasing student-made films as well as the addition of student awards. High school students from around the state were able to submit their films over the summer for a chance to be selected for a showing. Students whose films are shown will also be eligible for a number of different awards, including cash prizes and varying levels of scholarships for programs at the Edina Art Center.

"I've been a big supporter of the Film Festival and want to see it succeed. The student-made films are really an exciting addition and I love the idea of having it at the High School," said Michael Frey, General Manager of the Edina Art Center. "[The Festival] is trying to be unique, but still relevant, all while having a local flavor."

The volunteers began planning the Festival in the spring to decide which films to show. They attend different festivals around the country and correspond with filmmakers and movie studios.

"[We're] trying to engage Edina and the entire west metro to get a taste of the festival experience," said John Swon, chair of the Film Festival Steering Committee. " ... [and we like to] bring in work that has not been seen elsewhere in Minnesota, in order to draw more attendees."

The Film Festival has been extremely successful despite its short history, but

those involved are looking forward to the additions and changes. In 2013, the Festival had almost 700 attendees, up 67 percent from previous years. Annually, the Festival generates around \$10,000, approximately \$3,000 of that supporting the Edina Art Center.

"People should attend the Festival because it's a great source of entertainment, on top of being a great way to support the community at large," said Swon.

Tickets for the Edina Film Festival can be purchased online at www.EdinaFilmFestival.org.

For more information on the Edina Film Festival, visit www.EdinaFilmFestival.com. If your business is interested in being part of the Festival, contact the Edina Art Center at 952-903-5780 for sponsorship or advertising information.

WOOD FIRING CLASS

Zac Spates **NEW INSTRUCTOR!**

NEW More than any other firing method, wood firing brings exciting and unpredictable results achieved through the burning of wood and subsequent ash that melts on the pots as flames shoot from the chimney. This unpredictability is perhaps the best part about the wood-firing method!

Class participants will meet with the instructor approximately every-other week at the Edina Art Center. When the instructor is not present, the classroom will be reserved for the students. Students will bisque and glaze their work at the Art Center. In the final three classes, the participants will carpool to meet at Zac's studio in Hudson, Wisconsin, to load, fire and unload his multi-chamber wood kiln! Students will participate in the loading, firing and unloading features of this remarkable firing experience! The firing and stoking schedule will be discussed during class time. Maximum 12.

NAKED RAKU WORKSHOP

Pottery Staff

NEW Keep your clothes on while learning the practice of naked raku! In naked raku, participants will take a burnished piece of bisque-fired pottery and put a slip over its surface.

This slip is used as a barrier between the pot and the glaze so that they will separate from the pot after firing. The fracturing action created by the slip/glaze layer as it shrinks in the firing and is penetrated by smoke leaves a striking soft crackle finish stained into the pot's surface! All participants in this workshop are asked to bring four burnished, six-by-four-inch bottle or vase forms bisque fired to cone 06. Participants should bring a lunch. Maximum 10.

3078: Saturday, 10 a.m.-3 p.m., Oct. 25

Cost: \$66 nm/\$60 m

PIT FIRING WORKSHOP

Sumi Von Dassow

NEW Sumi Von Dassow is an award-winning ceramic artist living in Golden, Colorado. Her love of color and form is expressed in her unique body of unglazed burnished work.

She teaches pottery at the Lakewood Washington Heights Center for the Traditional Arts. Sumi is a columnist and frequent contributor to *Pottery Making Illustrated Magazine*, and was editor for the books *Barrel*, *Pit* and *Saggar Firing* and *Electric Kiln Pottery*. She is the author of the book *Low-firing and Burnishing* and she produced a DVD called "Pit firing and Burnishing."

According to Sumi, "pit firing is a collaboration between the potter and the elements of earth, air and fire. Pots go into the pit plain white and emerge covered with wild color, including yellow, orange, pink, red and a rich black. All these colors come from materials put into the pit with the pots!"

The day will begin by preparing the pots for firing. Participants will discuss what effects to expect from the various materials, both that which is applied directly to the pots and those that are put into the pit along with the pots. Then the pit will be loaded with pots; colorants; various materials for creating color and fuel, including wood and wood shavings. After the pit is lit, it will be covered and left to burn and smolder for 24 hours. After a potluck lunch Saturday afternoon while the pit smolders, Sumi will demonstrate throwing a variety of forms for cooking and serving food – forms she developed in the process of working on her soon-to-be-published book *In the Potter's Kitchen*.

Attendees will each pit-fire six moderate-sized pots. The pit will be loaded Saturday morning, fired Saturday afternoon and unloaded Sunday around lunchtime. Participants need to bring up to six bisque pots with terra sigillata to the event. For best results, use a smooth, light-colored cone 5-6 stoneware body. Raku, stoneware and porcelaneous clays may also be used. If possible, the pots should be coated with terra sigillata and bisque-fired to cone 010. If terra sigillata is not available, use a buff-colored stoneware and bisque-fire to cone 010. Pots without terra sigillata may be burnished if desired. Minimum 10, Maximum 20.

PASTEL LANDSCAPES INSIDE & OUT!

Laura Frykman

Let's start by painting outdoors as long as the Minnesota weather allows! All levels are welcome. We will start from thumbnail sketches and learn the steps to build up a composition of layers on sandpaper—using colors, rhythm and texture to create a lively surface. Emphasis will be on simplifying shapes, control of values and depth so your work is clear, vivid and has a compelling presence. Instruction is a combo of demos and individualized help. If you choose, paint alongside Laura, step by step. When it gets too cold, we'll move indoors and learn how to finish a good start without making it look like a photo. Laura will help you with the equipment. Must have a portable easel. Contact Laura for a supply list. You'll have fun, and learn a lot from the others in class, too! Maximum 10.

BEGINNING DRAWING

Donna Webb

Artists are "See-ers." They literally see the world around them in a different way than the rest of us. Yet, all of us have the ability to be "see-ers." To learn how to draw, we must first learn to "look" without preconceptions. We will practice this artist's way of looking and drawing from observation, and experiment with a number of drawing techniques that have been used by artists over the centuries. This class is geared toward beginners, but is suitable for those who wish to refresh their drawing skills or just need a class or assignment to get them going. Bring a general purpose sketchbook approximately 9-by-12 inches. All other materials provided. *This class meets at the Edina Senior Center, 5280 Grandview Square. Maximum 8.

SPATIAL MOVEMENT WORKSHOP

Robert Najilis

Learn how to get your viewer's eye to move through your work and not let go. Learn how to give your painting the "wow" factor by discovering how to use repetition, tension and overlapping planes. Come to a greater understanding of positive and negative space and the speed of movement in your painting. Observe examples of these principles in the work of artists such as Da Vinci, Rembrandt and Cezanne, as well as Persian and Asian art.

Many times, we focus on the figure or positive space in our paintings. However, the space around the object is just as important. In this workshop, we will explore positive and negative space, and the figure/ground relationship. We will look at examples of negative space both in objects in our daily life, as well as in the work of artists such as Matisse. The use of negative space will open up many possibilities to add interest to your work, giving space to breathe and move in new ways. In addition, we will begin to work with the concept of planes.

4600: Thursday, 6:30-9:30 p.m., Sept. 18
Cost: \$40 nm/\$36 m.

COLOR RELATIONS WORKSHOP

Robert Najilis

Through this class, you will understand color in ways beyond primary, complementary and tertiary. You will learn how to create movement and interest in your paintings. You will learn how color can help move the viewer's eye through the painting, moving areas together or apart, creating tension and resolution. We will also observe characteristics of colors such as warm/cool, direction of movement and weight, and how they affect your artwork. We will work with color theories built from Arnheim, Munsell, Kandinsky and their practical application. We will look at examples from masters and you will have ample time to apply these ideas to your own work.

Topics covered include: mixing colors, color movements and relationships, direction of movement, color weight, temperature in color, tension and resolution through and color in art.

In the first workshop on color relationships and movement, we will start to understand colors and how they work. We will start by learning how colors get their colors. We will then go over the primary color system to make sure everyone is clear on that so we have a solid foundation upon which to build. Then, we will move beyond the primary color system to a more effective way to work with color. We will work on color separation, how one color becomes two, and how to use that to create exciting color and light that we see in the works of artists such as Georgia O'Keeffe and Van Gogh. We will also work on color mixing: how to more effectively mix paints to get the colors we want. Recommend text: *Blue and Yellow Don't Make Green* by Michael Wilcox.

MASTERING THE SELECTION TOOLS IN ADOBE PS ELEMENTS

Don Clay

The magic of Photoshop Elements flows from the selection tools that let you isolate portions of your images in order to apply special effects to those portions. The Marquee, Lasso, Magic Wand and Brush tools are used to add or subtract, move, copy, paste, delete, rotate or scale a selected area of the image. The selection tools can be adjusted in many ways to customize desired effects. The second week, students can bring in their computer and pictures for more custom hands-on training. Recommended: A Survey of Adobe Photoshop Elements. Maximum 4.

INTRODUCTION TO LAYERS IN ADOBE PS ELEMENTS

Don Clay

Advanced users of Photoshop Elements create layers so they can separate the elements in an image and then move and transform them independently of one another. A layer can be superimposed on other layers so certain parts of the image can be colored, blurred, distorted, drawn upon, embossed or pixelated. Using layers is also the key skill involved in adding frames, shadows and watermarks, as well as creating a collage of images. Prerequisite: Mastering the Selection Tools in Adobe PS Elements. Maximum 4.

Argentine Tango is now being practiced in many cities all over the world, including Minneapolis. READING LIKE A WRITER

Allison Wyss

NEW It's fun to read! We wouldn't be writers if we didn't think so. But we can read for more than fun. We can also read closely, figuring out how each word works in a sentence, how each sentence works in a story. In this class, writers will learn the basics of close reading and how it relates to the craft of writing. They'll learn specific techniques for improving their writing. But, more importantly, they'll end the class equipped to study their favorite writers on their own. Each week, we'll read one chapter of Francine Prose's *Reading Like a Writer* plus one short story and focus on a specific element of craft. Word by word, we'll uncover the secrets of the masters. Additionally, each week will include a writing exercise to practice specific skills. This is a great class for writers of any level looking for techniques to improve their writing. More advanced writers may already know the techniques this class teaches, but can still benefit from close reading with a diverse group of people, because every person tends to find different secrets hidden in the text. For this reason, Allison loves to teach close reading – she learns something every time. Please obtain a copy of Francine Prose's *Reading Like a Writer*. Maximum 23.

PRO-RATED CLASSES

The Edina Art Center does not pro-rate class tuition. The only exception is Art Academy student registrations.

OPEN STUDIO TIME

We offer Open Studio time in painting, pottery and jewelry to members registered in a current class as a benefit of membership.

RESIDENT MEMBERS

As a thank you to our residents who are members of the Edina Art Center, we offer a \$5 discount on classes taken at the Art Center. You must be a resident and a member to receive this offer.

RECIPROCAL MEMBERSHIP

As a thank you to our members of the Edina Art Center, we offer a reciprocal membership with the Walker Art Center. Please inquire about details.

CLASS SUPPLIES

You may find a class supply list for most classes listed online under the class description. Our Art Center supply store carries basic supplies requested by your instructor at reasonable and comparable prices with a 10 percent discount to members. Supplies used in adult classes are to be purchased by the student.

GIFT SHOP/GALLERY MEMBER DISCOUNTS

Sorry! The 10 percent membership discount does not apply to artist-created work found in the Gift Shop or purchases made in our Margaret Foss Gallery. We support our featured artists by asking a minimal 35 percent commission on work sold. We believe it is important that no further discount be asked of the artist.

REFERRAL FEE

We ask artists to pay a 15 percent referral fee for contacts made and artwork sold through the Edina Art Center.

The City of Edina encourages individuals or groups to participate in the Adopt-A-Park program. Participants make a two-year commitment during which they pick up litter at their adopted park at least twice a year. They also notify the City of any safety hazards in the park.

The program is open to individuals, families, religious or community service organizations, neighborhood associations and other groups. At each adopted park, the City will provide a sign identifying the volunteer group or individual.

For more information, call 952-826-0431.

RESERVE A PARK

The Todd Park, Cornelia School Park, Weber Park and Walnut Ridge Park buildings are available for rent for birthday parties, small reunions, neighborhood meetings and other events.

The parks offer pleasant buildings, year-round outdoor activities, clean restrooms and easy parking.

For more information, call the Parks & Recreation Department at 952-826-0367.

PICNIC SHELTER RESERVATIONS

Anyone living in Edina may reserve the picnic shelter at Rosland Park by calling the Edina Parks & Recreation Department at 952-826-0367 after March 1. Reservations assure space in the shelter, but not exclusive use of the park.
